Summary Profile

I am a Frontend Developer with 9 years of experience specializing in **React JS, Next JS, React Native** and TypeScript building cross-platform mobile applications. I am skilled in various technologies, including JavaScript (ES6-7), Node JS, Git, HTML, Tailwind, CSS, Figma, and Jira. I have extensive experience in integrating third-party libraries, native modules, and RESTful APIs, as well as strong understanding of component-base architecture and state management such as Redux, Context API, and Zustand.

Additional skills

Web Skills: ReactJs, NextJs, TypeScript, Tailwind CSS, AntDesign, SASS/SCSS, React Query,

Mobile Skills: React Native, WebSocket, Firebase Notification, camera, maps, gps

State Management: Redux, Context API, Zustand

Backend Skills: NodeJS, Expressjs, RESTful Api, SQL

Professional Experience

Web Developer, Yerevan, Armenia Aug 2022 - Present

Freelancer – Software Development

- Designed and developed a **comprehensive admin dashboard** for a freelance job platform.
- Developed a freelance job platform where clients can post their own projects and freelancers can browse **available jobs, submit proposals**, and claim projects.
- Allowed administrators to monitor users, approve/reject projects, and manage active contracts.
- Enabled clients to upload projects directly to the platform.
- Implemented features using React.js, TypeScript, Redux, Tailwind CSS, React Query, REST API.
- **GitHub:** <https://github.com/romemlnazarian/Freelancer-app>
